

Artona Photography

When you contact us you are speaking with a full-time, professional wedding photographer. My staff and I have completed more than 850 weddings and receptions in the past 20 years. If your wedding is in NW Ohio or SE Michigan we have most likely photographed your wedding site, outdoor location and reception hall. We probably already know your caterer, florist and probably know your cake baker.

We are not a wedding factory, and we do not churn out multiple wedding assignments. It has never been my goal to have my studio shoot as many weddings as possible on a given weekend. When you hire us you will know who is taking your photographs. You will be given special consideration and personal attention and will receive the benefit of our many years of experience.

We offer exceptional service at moderate prices. Small wedding coverage starts as low as \$600.00 and full wedding days start at only \$795.00. If you wish, all packages can provide you with high-resolution digital wedding images.

For additional information or to see complete weddings visit us on the Internet at Artona Wedding Photography- <http://www.artona.com>. To view weddings online click the "Viewing" tab on the right top of our homepage. Choose any couple's names to view their wedding. Use the password: 1234 to view any individual event.

Want something not listed in our packages? Ask us! Don't need something included in one of our packages? Let us know. I will do everything I can to meet your needs!

We have the artistic flair you're looking for and the organizational skills and experience to make your day go smoothly. I would really enjoy showing you my work and how everything fits together. At Artona Wedding Photography you get much more than just someone to "take pictures" at your wedding. Put our 850+ weddings and 20 years of experience to work for you.

I'm excited to hear from you soon.

Sincerely yours:

Eddie
